Ms. Brown:

I am writing to invite you to a private event for staff from state attorney general offices and municipal law departments, which will be held at Harvard Law School on the afternoon of April 25th. The goal of this event is to inform thinking that is already underway in state and local offices around the country regarding legal accountability for harm arising from greenhouse gas emissions. David Zonana from the California Attorney General's office suggested that we reach out to you. We are co-organizing this event with the Union of Concerned Scientists.

Please let me know if you are available for a short phone call so that I can tell you more about our plans and learn about your availability and interest in attending.

Sincerely yours,

Shaun A. Goho
