Honolulu, HI 96822

**By Electronic Mail:** UHUIPA@hawaii.edu

**Re:** Certain Correspondence

Dear Sir or Madam:

On behalf of Energy Policy Advocates (EPA), a non-profit public policy institute dedicated to public records transparency, pursuant to the Hawaii Revised Statutes § 92F-1, *et seq.*, please provide copies of all electronic correspondence which was sent to or from (including copying, whether as cc: or bcc:) **Law Professor Denise Antolini, at any time from January 1, 2019 through June 30, 2019, inclusive, which**

a) also was sent to or from or which includes anywhere, whether in a to, from, cc:, bcc: or Subject field, or the body of an email, an email address ending with i) @sheredling.com, ii) @climateintegrity.org, and/or iii) @law.ucla.edu; also any

b) which includes anywhere, whether in a to, from, cc:, bcc: or Subject field, or the body of an email, "Climate Integrity"; and/or c) which includes anywhere, whether in a to, from, cc:, bcc: or Subject field, or the body of an email, Big Oil (search terms are not case sensitive and "" merely indicate and are not part of the search term).

We request entire "threads" of which any responsive correspondence is a part, regardless whether any portion falls outside of the above time parameter.

We understand that in some instances a public body may charge a fee for the cost of the search, examination, review, copying, separation of confidential from

nonconfidential information, and mailing costs. If your Office expects to seek a charge associated with the searching, copying or production of these records, please provide an estimate of anticipated costs.

As noted earlier in this request, EPA is a non-profit public policy organization dedicated to informing the public of developments in the area of energy and environmental issues and relationships between governmental and non-governmental entities as they relate to those issues. EPA's ability to obtain fee waivers is essential to this work. EPA intends to use any responsive information to continue its work highlighting the nexus between interested non-governmental entities and government agency decision-making. The public is both interested in and entitled to know how regulatory, policy and enforcement decisions are reached. EPA ensures the public is made aware of its work and findings via media, its website [epadvocates.org](http://epadvocates.org) dedicated to broadly disseminating energy and environmental policy news and developments. The public information obtained by EPA have been relied upon by established media outlets, including the Washington Times and Wall Street Journal editorial page.

Energy Policy Advocates requests records on your system, e.g., its backend logs, and does not seek only those records which survive on an employee's own machine or account. We do not demand your office produce requested information in any particular form, instead **we request records in their native form**, with specific reference to the U.S. Securities and Exchange Commission Data Delivery Standard. The covered information we seek is electronic information, this includes electronic *records*, and other public *information*.

We look forward to your response. If you have any questions, do not hesitate to

contact me by email at [schilling@allhookedup.com](mailto:schilling@allhookedup.com)

Sincerely,  
Rob Schilling
