**Re:** Certain Records Relating to Leigh Currie

Dear Sir or Madam:

On behalf of Energy Policy Advocates (EPA), recognized by the Internal Revenue Service as a non-profit public policy institute under § 501(c)(3) of the Internal Revenue Code, pursuant to the Minnesota Government Data Practices Act, Minn. Stat. §13.01, *et seq.*, please provide copies of the following records relating to the Special Assistant Attorney General Leigh Currie:

All application and hiring paperwork and other documentation including, but not limited to, all requests for waivers or permissions to engage in outside activities, conflicts-related statements, statements of affiliations (both contemporary and on-going), attestations that Ms. Currie would resign from or otherwise cease any activity or affiliation prior to beginning work for the Office of the Attorney General (OAG);
2. All records pertaining to arranging for Ms. Currie to work for or be seconded to OAG that are pursuant to or which reference HR/LR Policies including, but not limited to,

HR/LR 1421 and HR/LR Procedure #1421P, any Waiver of Liability, and/or Applicant Authorization for Release of Information from Current and Former Employers;

3. All Minnesota Management & Budget form(s) completed by or for Ms. Currie as part of arranging for Ms. Currie to work for or be seconded to OAG; and
4. Any other application documentation and accompanying materials relating to arranging for Ms. Currie to work for or be seconded to OAG.

We understand that in some instances a public body may charge a fee for the cost of the search, examination, review, copying, separation of confidential from nonconfidential information, and mailing costs. If your Office expects to seek a charge associated with the searching, copying or production of these records, please provide an estimate of anticipated costs.

As noted earlier in this request, EPA is a non-profit public policy organization dedicated to informing the public of developments in the area of energy and environmental issues and relationships between governmental and non-governmental entities as they relate to those issues. EPA's ability to obtain fee waivers is essential to this work. EPA intends to use any responsive information to continue its work highlighting the nexus between interested non-governmental entities and government agency decision-making. The public is both interested in and entitled to know how regulatory, policy and enforcement decisions are reached. EPA ensures the public is made aware of its work and findings via its partnership with the non-profit public interest law firm Government Accountability & Oversight, P.C., and the [ClimateLitigationWatch.org](http://ClimateLitigationWatch.org) project dedicated to broadly disseminating energy and environmental policy news and developments. The public information obtained by EPA and published on [ClimateLitigationWatch.org](http://ClimateLitigationWatch.org) have

been relied upon by established media outlets, including the Washington Times and Wall Street Journal editorial page.<sup>1</sup>

We look forward to your response. If you have any questions, do not hesitate to contact me by email at [ncornettlaw@gmail.com](mailto:ncornettlaw@gmail.com).

Sincerely,  
Neal Cornett
