Lizardo,

Thanks very much for helping me ensure we can include my colleagues on the phone during our meeting tomorrow with Mr Boileau. As you know, I received a return email advising me Ms Pineda will be OOT till August.

Please ask whomever is managing this meeting in place of Ms Pineda to confirm with me that phone access to my colleagues during the meeting is doable.

Thanks again,

Mr Boileau,

My name is Jorge Mursuli. I represent EarthRights International, a worldwide NGO specializing in litigation in support of the environment and in defense of human rights abuses (<https://earthrights.org/about/>). I believe you are already aware of Mayor Trantalis's interest in exploring potential litigation efforts regarding harms to the City of Ft Lauderdale caused as a result of climate change and sea level rise.

Scott Wyman asked that I reach out to you in order to schedule a meeting with EarthRights International (ERI) counsel where you can discuss the details of the effort and related strategies. As you probably know, this topic is one with many moving parts given the growing number of similar lawsuits around the country. We very much look forward to explaining where we are in the process with other key municipalities and answer any and all questions you might have.

The ERI team could be in South Florida anytime from 07/23-07/27. Please let me know ASAP when you would be available, and I will be happy to set that up.

Thanks in advance for your time and consideration. I can be reached at 786.236.1049 if needed.

We look forward to meeting and talking,

Jorge Mursuli

Lizardo,

Thanks very much for helping me ensure we can include my colleagues on the phone during our meeting tomorrow with Mr Boileau. As you know, I received a return email advising me Ms Pineda will be OOT till August.

Please ask whomever is managing this meeting in place of Ms Pineda to confirm with me that phone access to my colleagues during the meeting is doable.

Thanks again,

Mr Boileau,

My name is Jorge Mursuli. I represent EarthRights International, a worldwide NGO specializing in litigation in support of the environment and in defense of human rights abuses (<https://earthrights.org/about/>). I believe you are already aware of Mayor Trantalis's interest in exploring potential litigation efforts regarding harms to the City of Ft Lauderdale caused as a result of climate change and sea level rise.

Scott Wyman asked that I reach out to you in order to schedule a meeting with EarthRights International (ERI) counsel where you can discuss the details of the effort and related strategies. As you probably know, this topic is one with many moving parts given the growing number of similar lawsuits around the country. We very much look forward to explaining where we are in the process with other key municipalities and answer any and all questions you might have.

The ERI team could be in South Florida anytime from 07/23-07/27. Please let me know ASAP when you would be available, and I will be happy to set that up.

Thanks in advance for your time and consideration. I can be reached at 786.236.1049 if needed.

We look forward to meeting and talking,

Jorge Mursuli

Mr Boileau,

My name is Jorge Mursuli. I represent EarthRights International, a worldwide NGO specializing in litigation in support of the environment and in defense of human rights abuses (<https://earthrights.org/about/>). I believe you are already aware of Mayor Trantalis's interest in exploring potential litigation efforts regarding harms to the City of Ft Lauderdale caused as a result of climate change and sea level rise.

Scott Wyman asked that I reach out to you in order to schedule a meeting with EarthRights International (ERI) counsel where you can discuss the details of the effort and related strategies. As you probably know, this topic is one with many moving parts given the growing number of similar lawsuits around the country. We very much look forward to explaining where we are in the process with other key municipalities and answer any and all questions you might have.

The ERI team could be in South Florida anytime from 07/23-07/27. Please let me know ASAP when you would be available, and I will be happy to set that up.

Mr Boileau,

My name is Jorge Mursuli. I represent EarthRights International, a worldwide NGO specializing in litigation in support of the environment and in defense of human rights abuses (<https://earthrights.org/about/>). I believe you are already aware of Mayor Trantalis's interest in exploring potential litigation efforts regarding harms to the City of Ft Lauderdale caused as a result of climate change and sea level rise.

Scott Wyman asked that I reach out to you in order to schedule a meeting with EarthRights International (ERI) counsel where you can discuss the details of the effort and related strategies. As you probably know, this topic is one with many moving parts given the growing number of similar lawsuits around the country. We very much look forward to explaining where we are in the process with other key municipalities and answer any and all questions you might have.

The ERI team could be in South Florida anytime from 07/23-07/27. Please let me know ASAP when you would be available, and I will be happy to set that up.

Thanks in advance for your time and consideration. I can be reached at 786.236.1049 if needed.
